SOLACTIVE VIDEO GAMES & ESPORTS INDEX

SELECTION

- The index is designed to track the performance of companies that have business operations in the field of video games and esports.
- Companies are only eligible if they generate at least 50% of their revenues from video games and esports related business operations. This may include companies that:
 - develop and/or publish video games.
 - facilitate the streaming or distribution of video gaming and/or esports content.
 - operate and/or own competitive esports leagues and/or competitive esports teams.
 - produce hardware used in video games and/or esports, including augmented and virtual reality.
- The index includes a maximum number of 50 constituents and a minimum of 40 constituents.

SELECTION POOL

- Eligible companies must have:
 - Share Class Market Capitalization of at least \$200 million if they are not current constituents and at least \$160 million if they are current constituents.
 - Primary listing in a Developed Market, South Korea, and Taiwan.
 - Average Daily Turnover of at least \$2 million over the last six months and \$1.4 million for existing constituents.
 - Free Float percentage of total shares outstanding of at least 10% or a minimum Free Float Market Capitalization of \$1 billion.

WEIGHTING SCHEME

- Index components are weighted according to their Free Float Market Capitalization:
 - Each component is subject to maximum weight of 6% and a minimum weight of 0.30%.
 - The aggregate weight of companies weighted above 5% cannot exceed 40% of the index weight. The remaining companies are capped at 4.5%.

REBALANCES/REVIEWS

- The index follows a semi-annual rebalancing schedule, made on the last business day of January and July each year.

For more information on the Index, please visit Solactive's website.

For the complete and current index methodology please refer to the index provider's website. This summary document is accurate as of the time of its publication and Global X does not guarantee that it is current at any point thereafter.

The selection of the index constituents and their weighting is made by the index provider at its sole discretion.

Carefully consider the fund's investment objectives, risks, and charges and expenses. This and other information can be found in the fund's full or summary prospectus, which may be obtained by visiting globalxetfs.com. Please read the prospectus carefully before investing.

Investing involves risk, including the possible loss of principal. The investable universe of companies in which HERO may invest may be limited. Video Game and Esports Companies are subject to risks associated with additional regulatory oversight with regard to privacy/cybersecurity concerns, shifting consumer preferences, and potential licensing challenges. The Fund invests in securities of companies engaged in Information Technology, which can be affected by rapid product obsolescence and intense industry competition. International investments may involve risk of capital loss from unfavorable fluctuation in currency values, from differences in generally accepted accounting principles or from social, economic or political instability in other nations. HERO is non-diversified.

Shares of ETFs are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Brokerage commissions will reduce returns. Indices are unmanaged and do not include the effect of fees, expenses or sales charges. One cannot invest directly in an index.
